Learning Outcomes

Upon completion of this course student will be able to

- explain why companies engage in international business and how this differs from domestic business.
- describe the impact of technology on globalization.
- demonstrate an understanding of the international business environment, including economic, political, legal, cultural and financial environments.
- identify factors to consider in deciding whether to enter certain international markets, including the use of partnerships and alliances.
- describe the influence of the Canadian Government in both promoting and restricting trade, including import and export quotas, trade missions and consular assistance.
- explain how the current exchange rate impacts the success of a company in another country and how to manage foreign exchange risk.
- assess different strategies for a company to enter a new country, also consider ethical implications.
- research for and communicate information related to international business accurately and credibly in oral, and written form.
